## 🎓 EDUCATION

---

<b>Bachelor of Engineering</b> University BDT College of Engineering, Davanagere, Karnataka	August 2019 - May 2023 7.63 CGPA
<b>Pre University Course</b> Government PU College, Anavatti, Karnataka	June 2017 - May 2019 80.83%
<b>SSLC</b> Morarji Desai Residential School, Churchigundi, Karnataka	June 2016 - May 2017 91.68%

## 📁 PROJECTS

---

### Employee Management System September 2023 - October 2023

- Designed and developed an Employee Management System CRUD Application to streamline HR operations and enhance employee data management.
- Designed a user-friendly interface for adding, updating, deleting, and managing employee information, including personal details, and performance evaluations.
- **Technologies Used:** Java, HTML, CSS, JavaScript, and SQL

### Online Shopping Management System December 2023 - January 2023

- Developed an Online Shopping Management System, a web-application, to streamline the shopping experience.
- Implemented dynamic functionality using JavaScript to enhance user interactivity and improve performance.
- **Technologies Used:** HTML, CSS, JavaScript, Bootstrap.

### Stress Detection using Machine Learning January 2023 - February 2023

- Designed a user-friendly interface to gather real-time physiological data and display stress predictions by using ML.
  - Developed a robust algorithm for real-time stress level assessment with a high degree of accuracy
- Technologies Used :** Python (Pandas, NumPy, Matplotlib).

## 📚 TRAINING

---

### Java Full Stack (Ethnus Training Center, Bengaluru) June 2023 - September 2023

- Completed an intensive Java Full Stack course, gaining comprehensive knowledge of both front-end and back-end web development.
- Acquired proficiency in Java Programming, Web Application Development, and database Management System.
- Demonstrated expertise in building responsive web applications using a range of technologies, frameworks, and tools.
- This course has equipped me with the skills necessary to design, develop, and deploy full-stack Java applications, making me a valuable asset in software development.

## 🧠 TECHNICAL SKILLS

---

Languages : Java, SQL, HTML, CSS, JavaScript, Python(Basics), C(Basics).

Developer Tools : VS Code, Eclipse, IntelliJ IDEA, MySQL Workbench.

Technologies / Frameworks : GitHub, WordPress, Bootstrap, jQuery, React JS.

## 📜 CERIFICATES

---

- Java Full Stack Course Completion Certificate
- Google Data Analytics Certificate

## 🌐 LANGUAGES

---

- Kannada
- English
- Hindi
